DIARY NOTES

25X1A DD/S [REDACTED] 16 October 1957

25X1A9a 1. [REDACTED] brought up a proposed letter to Mr. Massey of  
25X1A9a Fairfax County concerning the sewerage problem in connection with our new  
building. I asked [REDACTED] to take this back and strengthen it somewhat,  
making reference to the previous correspondence with Fairfax County as well  
as Mr. Massey's testimony on the Hill to the effect that sewerage disposal  
service would be furnished to the CIA building without any cost to the  
Federal Government other than the prevailing rate which would be charged to  
any customer. H

25X1A9a 2. I talked to [REDACTED] about [REDACTED]. [REDACTED] said that [REDACTED] 25X1A9a  
has had difficulty almost ever since he came to the Agency and he wants to  
have a talk with him and try to place him somewhere outside of the Agency  
rather than in the Office of Personnel. I approved.

4. Gordon Stewart and [REDACTED] briefed me with some charts which  
indicated that with normal recruitment and normal attrition we would be able  
to get down to our personnel ceiling of [REDACTED] by 30 June 1958. However, in  
view of the fact that one must recruit clerical personnel when they are  
available and enter them on duty when they are ready, namely beginning about  
1 July of each year, it will be necessary to exceed this ceiling temporarily  
in order to keep ourselves out of trouble in the clerical field. This will  
probably have the effect of increasing our average man-year above that which  
would be normal with the ceiling of [REDACTED] Recognizing the extreme difficulty  
we have had in recruiting clerical personnel and their importance to continuing  
operations, I approved of this recruitment regardless of whether or not it  
raises our man-year average.

25X1A9a 5. [REDACTED] brought his editorial staff down for a few minutes  
and I enjoyed talking with them. They are all pleased at having been trans-  
ferred to the immediate office of the DD/S and to this building and appear  
to be most enthusiastic about their work.

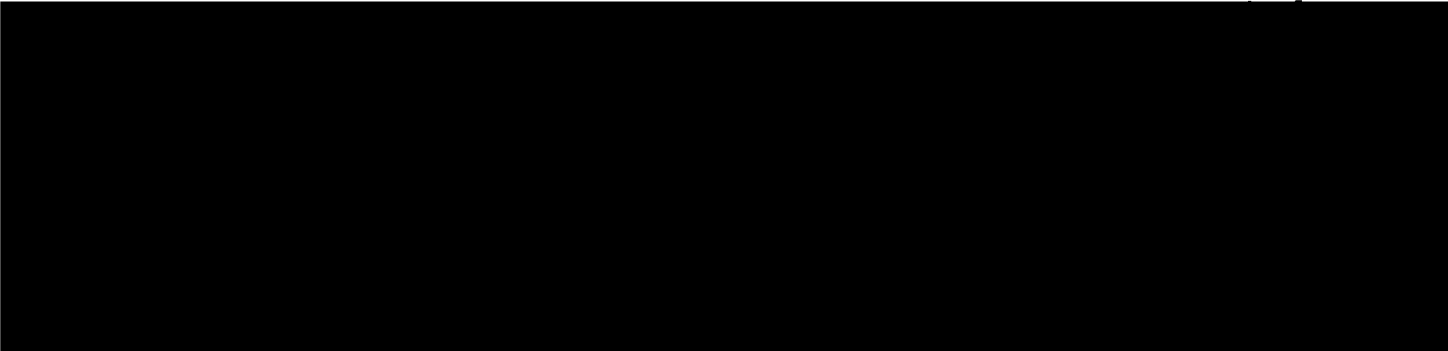

25X1A9a 6. [REDACTED] were up to present me with a few  
statistics and principles on their contracting business. This is in response  
to my request which grew out of Mr. [REDACTED]'s desire to take over the TSS  
contracting. I will talk to [REDACTED] about this tomorrow.

8. At the Deputies' Meeting, I briefed the Director on the program for the college recruiters who are to be here next week. I also asked him if he would speak to them briefly at 12:00 on Wednesday, 23 October, and he agreed. I also told him that we were having them for lunch that day and inasmuch as he, Mr. Dulles, would be at the OCB Luncheon, I hoped General Cabell would be present. General Cabell agreed that he will be present for the luncheon.
